Each category is verified on its own

One agency can sell trains, flights, hotels and tours, and each has its own rules. You verify a category once you have an offering in it. Self-declared details show as "in review" until ShopQ confirms them.

WHERE: Bookings → Verification → tap a category

CATEGORY	PROOF TO ADD	WHAT THE APP SAYS
Train	IRCTC agent ID	Gated — verification required No quoting or going live without it.
Flights	IATA accreditation	Verification recommended
Hotels	Ministry of Tourism approval	Verification recommended
Tours	Ministry of Tourism approval	Verification recommended
Visa & documentation	Other proof	Verification recommended
Bus · Events	Other proof	No gate. A Verified badge still helps.

YOUR VERIFICATION STATUS, AS THE APP SHOWS IT

Add

Nothing on file yet for this category.

In review

Documents on file. ShopQ is checking them.

✓ Verified

Confirmed. Travellers see it on your page.

Expired — re-upload

The document lapsed. Upload a current one.

WHAT TRAVELLERS SEE ON YOUR PAGE

Flights · IATA

Hotels · MOT

Flight booking requires IATA accreditation (carrier code + BSP + Sales Agency Agreement). The agent shows as Verified only after ShopQ has checked their IATA proof — please verify the agent's accreditation before paying.

One note like this shows for every category you sell. Your phone number is not shown.

TRAIN IS THE LAW, NOT A SETTING

REQUIRED BY LAW — RAILWAYS ACT 1989 §143

1

Add your IRCTC agent ID and tick the declaration that your licence is valid.

2

Without it, a train offering stays a draft and you cannot quote on train requests.

3

If ShopQ has not confirmed it within 14 days, live train offerings pause until it does.

Keep dates current. Add the date each document is valid till. When it lapses, the offerings in that category come off by themselves, and you see **Expired — re-upload** .

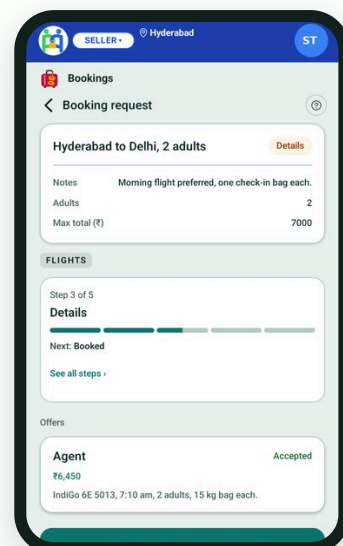

Win more requests

QUOTING

A clear list beats a bare number

The traveller compares your offer with the others. Say what is included: meals, seat choice, transfers. Being early and specific wins most requests.

- ✓ **Offer at your listed price.** Attach your offering and leave the price blank. Your listed price is used.
- 🕒 **Quotes hold for a while.** 24 hours for flights and trains, 48 for buses, a week for the rest. The traveller sees "Valid till".
- ✚ **Inclusions and add-ons.** Inclusions are covered by your price. Add-ons are extras you arrange for a fee.

Traveller details

Name as on ID, date of birth, ID type, seat and meal choice. You see them once they pay.

Upload the ticket

Book on the real system, then upload the final ticket or PNR as proof.

Couldn't book it?

Tap **Mark failed** and say why. Refunds go from you to the traveller directly.

Bring your team

Add managers and staff to your agency so they can quote and book too.

Share your page

The share icon on your agency page gives you a link to post anywhere.

GOOD TO KNOW

How requests open and close

- A request with no offer in 72 hours closes by itself. Quote early.
- A booking a full day past its travel date closes as fulfilled.
- A traveller who closes a matched request settles any payment with you directly.
- If something goes wrong, the traveller can open a dispute. ShopQ never holds money, so refunds come from you.

Know other agents? Bring them on.

ShopQ partners set up shops and agencies for sellers they know, then hand the account over with a code. The seller owns it from day one. Ask us on WhatsApp **95503 96660**.
